DETAILED OFFICE ACTION

Rejections Under 35 USC 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 2, 4 and 5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The R" definition fails to particularly point out and distinctly claim the intended subject matter in reciting "substituted disulfide, acetylene, or azide," as these each define a compound and not a substituent. The basis on which the strength of "an organic strong base" is determined is undefined. The term "strong" is a relative term and the specification does not provide an appropriate definition or mechanism for determining the requisite degree of strength applicant intends. This terminology renders the claims in which it appears indefinite.

Allowed Claim - Allowable Subject Matter

Claim 3 is allowed. Claims 1, 2, 4 and 5 would be allowable if rewritten or amended to overcome the rejections under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. An Examiner's statement of reasons for indication of allowable subject matter can be found in the Office Action of Nov. 15, 2007.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
